Abena UK Mail Order Service

Patients receiving products through Coventry and Warwickshire Partnership Trust are entitled to a 12% discount when buying products through the Abena mail order service.

If a patient would like to purchase any Abena products, they may do so using our mail order service on 0800 052 1165 or by visiting www.abenaonline.co.uk.

All of the products in our mail order catalogue and website are available to purchase directly from Abena, however some of the products may not be available through the NHS, as the product prescribed is based on a full continence assessment.

Patients must quote ‘wmids12’ to receive the 12% discount when placing your order.

Please note this 12% discount does not apply on any special offers.
